

Founded in 2008 by Michele Bolinger, Forever Amber Acres Animal Sanctuary (FAAAS) provides refuge, rehabilitation, and permanent retirement for horses imperiled by negligence and abuse. To date, FAAAS has rescued 45 horses from auction, slaughter, or neglect. Michele's vision to purposely rehabilitate our equine rescues in service to others through an Equine Assisted Psychotherapy (EAP) program officially launches in spring 2018.

Our 501(c)(3) organization operates exclusively for charitable purposes collaborating with other organizations that share a common purpose, advocating for the prevention of cruelty to equines and other animals, and promoting humane treatment by educating the public to the injustices suffered by thousands of animals each year.

FAAAS is a driving force in a national, informal network of anti-slaughter advocates that successfully raises funds and rescues horses bound for slaughter and export to Canada, Mexico, and Europe, placing them for aftercare and permanent refuge at our location and other no-kill facilities around the U.S.

## About our EAGALA V.E.T.S. Program

---

In November 2017, FAAAS became certified to offer Equine Assisted Psychotherapy (EAP) and our exclusive V.E.T.S. (Veteran Equine Therapy Services) Program. Our organization will begin delivering vital services to military veterans and their families through the EAGALA model ([www.eagala.org](http://www.eagala.org)). The EAGALA model is globally recognized as the gold standard in equine assisted therapy employing a unique, client-centered team approach to problem solving. Utilizing the horse as the primary facilitator guided by an Equine Specialist and a Mental Health Professional, clients successfully tackle emotional and physical challenges such as PTSD, which is particularly prevalent in our military veteran community.

Our program, one of the first of its kind in northeastern Ohio, will launch in spring 2018. Reaching this milestone will fulfill the vision our organization laid out in 2008 to purposefully rehabilitate our equine rescues in service to others. Because our horses are special needs themselves, they are uniquely suited to this noble cause. But their care is costly and it is only through the generosity of caring folks like you that our program is becoming a reality. Your gift to #HelpHorsesHelpVeterans will help support and sustain their care and ensure the success of our EAP program in 2018 and beyond.
